- ✓ EASY TO INSTALL: CAN BE SAFELY CROSSED OR OVERLAPPED WHEN NECESSARY
- ✓ LOW INSTALLATION AND OPERATING COSTS

DESCRIPTIONS:

TRM's Self-Regulating heating cable adjusts heat based on temperature, cutting energy use and preventing hot spots. Versatile and safe to cross, it suits different conditions—ideal for freeze protection, de-icing, heat loss, and more. With tailored options and accessories, it's a cost-effective solution for various heat tracing needs.
